RE: Costello v. Meytex Café Inc.  
E.D.N.Y. Case No. 11-CV-0285-SJ-JMA

Dear Judge Johnson:

I am the attorney for the defendant in this action. I would like to immediately bring to the Court's attention an apparent misstatement in Plaintiff's letter motion. Plaintiff's counsel never asked nor did I ever agree to an adjournment of Friday's proceedings. I don't understand why he has stated in his letter that I did. In addition, I would not consent to the adjournment because he failed to give notice to his client via overnight mail or in a manner more immediate than regular mail.

Respectfully Yours,
